

LOV KUMAR

GENERALIST | OPERATIONS & EXECUTION | PROBLEM SOLVER

Delhi, India | DOB: 05 Dec 2007 | 8882302151 | mail@lovnexora.xyz | lovnexora.xyz | [LinkedIn](#)

PROFESSIONAL SUMMARY

Disciplined and highly adaptable professional with a proven track record of execution, problem-solving, and project management. Demonstrates strong technical capability by independently building and launching live data and web tools from scratch. Combines a solid understanding of corporate operations and customer relations gained through a dealership internship with structured leadership experience from extensive community service. A fast learner ready to drive efficiency and support team objectives.

EXPERIENCE

Intern | *Deep Hyundai*

Mar 2025 – May 2025 (120 hrs)

- **Operations Support:** Assisted in daily dealership operations, tracking workflow efficiency and coordinating between internal teams to streamline customer service.
- **Data Management:** Maintained and analyzed operational records and customer data, ensuring accuracy and clear communication across departments.

INDEPENDENT PROJECTS

Project Developer | *Self-Directed Independent Projects*

- **Full-Stack Project Delivery:** Built, optimized, and deployed functional applications independently from scratch to solve real-world productivity hurdles.
- **Analytical Modeling:** Developed data-driven systems, managing data preprocessing and implementing classification and regression algorithms.

Gamified Note-Taking App — “Do Or Die” (Live) — do-o-rdie.vercel.app/

- Built and launched a live web application utilizing high-stakes gamification mechanics to improve user focus and productivity.
- Managed the complete product lifecycle, including UI design, state management, and production deployment.

Heart Stroke Prediction Model — myocast-lpsemmtamkhgiuazahuuxz.streamlit.app/

- Engineered a machine learning model to predict stroke probability based on patient health datasets.
- Handled end-to-end data processing, feature selection, and algorithmic evaluation to ensure model accuracy.

LEADERSHIP & COMMUNITY SERVICE

Volunteer | *National Service Scheme (NSS)*

2024 – 2026 (11th & 12th Grade)

- **Community Engagement:** Organized and participated in local community development programs, environmental drives, and social awareness campaigns.
- **Teamwork & Impact:** Collaborated with a team of student volunteers to execute weekly outreach initiatives, managing ground-level logistics and public communication.

EDUCATION

Kamdhenu School, Delhi | *CBSE Curriculum*

Graduating 2026

- Senior Secondary (12th) — Maths & Economics — 90%
- Secondary (10th) — CBSE Board — 92%

SKILLS

Professional: Operations Support, Project Execution, Problem Solving, Data Management, Team Coordination, People Management, Quick Learning

Technical: Full-Stack Development Concepts, Machine Learning Workflows (Regression/Classification), Data Analysis, Rapid Prototyping

Tools & Office: MS Excel & Data Entry, MS Word, Computer Proficiency, Fast Typing Speed

Communication: Client & Team Communication, Online Marketing, Public Outreach
